Abigail Graham : Player's Princess (A Sports Romance) before purchasing it in order to gage whether or not it would be worth my time, and all praised Player's Princess (A Sports Romance):

Late night Gatsby reading never sounded so goodBy Jill DionThis is the first book I have read by Abigail Graham and I now have another authors library to work through.I saw this book advertised on Facebook and decided wtheck? I am so glad I did. I had been struggling to read a book for several days and finally decided to give it up. That book was only 250 pages and after 5 days I was barely over 100 pages read. I read this book in about 5 hrs.The story of the orphan college quarterback who falls in love with a princess who is in New Jersey going to the same college is not to be missed. We learn of her mothers misery and Ana's resolve not go down the same road. There is also a professor who is in lust with the ame quarterback and treats Ana as competition.I think one of my favorite things about this book is how Jason helps her with studies especially the Great Gatsby. Their late night phone calls with him just reading to her is one of the sweetest things ever.I hope there is more to this story with some of the other characters. Perhaps her brother, or the Thunder Twins, maybe even her mother.A must read!4 of 4 people found the following review helpful. -SpoilersBy Alison CabreraNice story, but ending felt rushed. And also WTF with the last page? Literally stops at "She groans." Like how does Jason feel at soon becoming a prince consort? And Ana having to become queen so soon? And we don't even get an Epilogue. I just don't understand. The story ended so abruptly. And maybe I missed it, but Jason never told Ana anout his parents? And why does he hate Ramson so much (like yes we can assume why) but there is no actual explanation from him. Also, ugh I just have so many questions.Side note: His Princess is so much better.1 of 1 people found the following review helpful. What a fun ride!By Ginny Stokes-YoungAna is a princess...A REAL princess. Her mother is queen of an island country whose name and language are hard to decipher. She is going to college in the United States and is having a difficult time with her American History and English lit classes.When she meets Jason, the quarterback of the football team, she doesn't know what to think, but ends up swapping tutoring sessions because HE is having trouble with geometry, but is more than able to help her with history and English because those are his majors!However, the Queen finds out about Jason through a trashy tabloid and tries to prevent Ana from seeing Jason. How will they manage to see one another, especially when one of Ana's bodyguards is reporting to her mother? It's a great read, especially when Ana's brother, the whole football team, cheerleaders AND the marching band join forces to help Jason change the Queen's mind.

Football player. Sassy princess. Game on.I only care about one thing.Football.Love? Ha, right. Relationships? Donrsquo;t need the distraction.Stuck up princesses? Hell no.Then fate dumped the biggest distraction of all right in my lap. Ana is like no one I've ever met. Innocent, pure, and beautiful. One look at her and I'm ready to go long. One smile and she makes me feel like a king.Everyone on campus knows Ana is off limits, and if they don't, her

bodyguards teach them a quick lesson. Too bad I'm a slow learner.***Quarterback Jason Powell is everything I shouldn't want. He's foul-mouthed, cocky, and completely inappropriate. He's also gorgeous, ripped, and too cocky for his own good. I can't stop thinking about him, and I can't keep my hands off him. My mother hates him, the paparazzi chase us everywhere we go, and my bodyguards follow me everywhere, but I don't care. That arrogant football player, the one I don't know if I want to slap or kiss, is the only one in the world who's ever made me feel like royalty.
